## Two Important Events

Dillon and O'Brien Both Locked 'Up.

QUITE A SENSATION IN DUBLIN.

The Cargoes on Which the Authorities Refused to Confiscate May Some Day Prove Valuable to Gold Seekers—Various Other Foreign News as Telegraphed Direct from New York.

DUBLIN, Sept. 19.—Mr. John Dillon, member of parliament, and Mr. William O'Brien were arrested Wednesday for their recent utterances in Ireland. The former was taken into custody at his residence near Dublin and immediately escorted to the railroad station where he was placed on a special train enroute to Tipperary. He was accompanied by a large military escort. O'Brien was taken into custody at Glengarriff and conveyed to Cork. Warrants of arrest for Patrick O'Brien, Commons James Cordon and David Sheehy, and Rev. David Humphreys, of Tipperary, have been issued.

A great sensation has been caused by the arrests of Messrs. Dillon and O'Brien. Later particulars as to the effect that Mr. Dillon, when arrested, was in his uncle's house at Ballybrack. The police inspector, accompanied by two constables, entered without knocking or notice, and rudely ordered Mr. Dillon to accompany him. The latter asked for the inspector's authority, whereupon the officer produced his warrant, accusing Mr. Dillon of inciting the tenants of Smith-Barry in his recent speech at New Tipperary not to pay their rents.

Without waiting for Mr. Dillon to take a change of clothing, the police hurried him to a car, and took him to Dublin and thence to Tipperary, to be arraigned before C. L. Carroll, the magistrate whom Dillon, a few weeks ago, most severely denounced in a speech in parliament. Mr. O'Brien was taken in custody at the Glengarriff hotel. His wife was with him, just as she was with him recently when a writ-server served on Mr. O'Brien a demand from Lord Salisbury for 1,600 pounds costs in Mr. O'Brien's libel suit against the premier.

Without calling him to one side, the officer presented his warrant, and told Mr. O'Brien to come along. "Another attempt to keep me from telling Americans the truth about Ireland," said Mr. O'Brien as he accompanied the officers. The charge against Mr. O'Brien was the same as against Mr. Dillon, that of inciting tenants not to pay rent, and of advocating the boycott in speeches at Limerick and New Tipperary. A warrant is also out for Mr. Dalton, and the police are watching the league rooms in Dublin. It is believed that warrants are out for many persons connected with the league, and that the government has determined, during the recess of parliament, to crush it out, if possible, all opposition to its policy in Ireland. Lord Salisbury is said to be deeply incensed against Mr. O'Brien, who, in his Limerick speech called Lord Salisbury a libel and blackmailer.

Much excitement prevails, both in Ireland and England, over the arrests, and the opinion is generally expressed that the object of the government is to prevent Messrs. Dillon and O'Brien from going on their tour, and gaining American sympathy and contributions for the Irish cause.

Gloomy for the Strikers.

MELBOURNE, Sept. 19.—A deputation from a number of county and municipal councils waited upon the minister of commerce yesterday and assured him that they approved the action of the government in the matter of labor strikes. The delegates declared that there were plenty of farmers and others in all parts of the colony who were willing to come to Melbourne and assist in placing commerce on its normal footing. They roundly denounced the course taken by the leaders of the strike. In reply the minister said that the government was prepared to frustrate the strikers' efforts to establish a reign of terror and that if necessary the colonies would combine and take vigorous measures to secure the freedom of labor. The ministers' remarks were much applauded.

The Crisis in Portugal.

LISBON, Sept. 19.—The king has accepted the resignation of the whole cabinet. He will confer with the presidents of the chambers and leading statesmen. It is expected that Senor Serpa-Pimental will remain premier and will assume the foreign portfolio.

The Diario publishes an anxiously awaited order announcing the promotion of officers and an increase of pay of sergeants. The city appears as though in a state of siege. The municipal horse and foot guards are on duty night and day in the main streets.

New Ministry in Spain.

LISBON, Sept. 19.—King Carlos is considering the formation of a new cabinet, to take the place of the ministry with whom the people are dissatisfied on account of the Anglo-Portuguese treaty. The cabinet will probably be as follows: President and minister of war, Senor Chrysostomo; minister of war, Casal Ribeiro; foreign affairs, Ferro; finance, Martino; justice, Carvotio; public works, Ennes; marine, Neves; education, Bocage.

O'Brien in Tipperary.

TIPPERARY, Sept. 19.—Mr. O'Brien and wife arrived here at 9 o'clock yesterday evening. The public lamps had been left unlighted in order to discourage any gathering of the people, but many citizens met them at the station or cheered them as they passed through the streets. Canon Canill and other friends visited them at the court house where they were taken.

Serious Fighting Reported.

LONDON, Sept. 19.—Reports from Lisbon are to the effect that serious fighting has occurred between the people and the authorities, and the government has established a state of siege. The government forces are at present in full control. The mob shouted for Serpa Pinto, and "Down with the English and the braganzasun," meaning the king.

Did Not Go to the Bottom.

CONSTANTINOPLE, Sept. 19.—The Austrian war-ship Tietras, which was reported to have foundered in the Black sea, has arrived here. Her boilers are damaged.

All Denied.

BERLIN, Sept. 19.—Lient. Schmidt cables from Zanzibar an official denial that a proclamation permitting the slave traffic has been posted. He says that the report was one of the malicious falsehoods which are being continually circulated in the hope of creating ill feeling against the Germans.

Slave Dhow Overhauled.

ZANZIBAR, Sept. 19.—A slave dhow was chased by British boats yesterday, and after an exciting chase was overhauled. Several shots were fired before the capture was effected. The captain, an Arab, was killed by one of the shots. The crew swam ashore and escaped. Fifty slaves were rescued.

Miners Dissatisfied.

BERLIN, Sept. 19.—The miners' congress at Halle has expressed dissatisfaction with the existing laws regarding mines, and appointed a committee to bring about a change in the laws giving adequate protection to the miners.

Madrid Has Smallpox in Lieu of Cholera.

MADRID, Sept. 19.—There were fifty-three new cases of smallpox and eleven deaths reported in Madrid Tuesday.

Foreign Notes.

Lient. Schmidt has gone to Bagamoyo to inquire into the report about the alleged slave proclamation.

Six boys and girls have committed suicide at Vienna through chagrin at being obliged to return to school after vacation.

Negotiations are in progress to arrange a marriage between the Duc d'Orleans and the Grand Duchesse Xenie, the daughter of the czar.

The ministers of the province of Buenos Ayres have resigned. They will be replaced by men who are in harmony with the National government.

A New York millionaire named Gubard has given 120,000 marks for the erection of an orphanage in his native town of Zweibrucken, Bavaria.

The return of exiled Socialists to Berlin on the expiration of the anti-Socialist law, Oct. 1, will be marked by a grand reception with fireworks, music and speeches.

The Scotch iron manufacturers, encouraged by the refusal of the miners' demand for an advance of wages, have threatened to extinguish their furnaces rather than concede the similar demand of the iron workers.

The Staatsanzeiger, an official paper, says that the coming meeting of the Austrian and German emperors will constitute a new guarantee of close relations, intimate friendship and the firmest brotherhood-in-arms between the two nations.

The yearly report of the Red Hill criminal reform athletic school shows that 94 per cent. of the cases treated are cured. The object of the institution is to improve the mentality and moral sense of offenders by correcting their physical deficiencies.

The principal German official at Zanzibar, replying to a cable dispatch from the home government on the subject, denies that a proclamation sanctioning slave dealing has been published at Bagamoyo. The false report, he says, was probably circulated by the Arabs.

A stir in Irish political circles has been caused by the action of a Tipperary priest named Conway, in denouncing the plan of campaign as detrimental to the best interests of the country. The bishop of Cork has also very recently expressed himself in similar though rather more guarded terms.

ARMY OF THE CUMBERLAND

Will Meet Next Year at Columbus—Officers Elected.

TOLEDO, O., Sept. 19.—The Society of the Army of the Cumberland concluded its regular business at noon yesterday. Indianapolis and Columbus were candidates for the next place of meeting, and the latter was chosen by a vote of 39 to 19. Gen. Edward S. A Million Dollar Gift.

CHICAGO, Sept. 19.—John D. Rockefeller has just given \$1,000,000 more to the new Chicago Baptist university, in addition to the \$900,000 which he contributed previously. This munificent offer was laid before the board of trustees of the institution yesterday and was quickly accepted. Success, at least so far as it depends upon financial considerations is already assured to the new university. The board of trustees yesterday elected Professor W. R. Harper, of Yale college, president of the new institution. Mr. Harper has not yet signified his acceptance, but it is thought he will do so.

## A Mysterious Murder

Rhoda Mitchell's Tragic Death Near Mount Vernon, Ind.

KILLED LAST SATURDAY NIGHT.

Her Body Not Found for Several Days.

Evidences of a Struggle for Life—An Attempt at Robbery by the Murderers. Riotous Miners Capture a Town—Other State Dispatches.

NORTH VERNON, Ind., Sept. 19.—Still there is no definite information as to who was the murderer of Rhoda Mitchell. Suspicion rests upon three persons, one of whom is a tramp who was seen in the neighborhood about the time of the murder.

Miss Mitchell was about 43 years old. She came from Montgomery, Hamilton county, O., about six years ago and purchased the large farm about six miles from this place, where she resided till her death.

She was of a retiring disposition and did not make a large circle of acquaintances, but with such help as she could hire from time to time in the neighborhood she tilled her farm and lived in comfort up to it.

It is believed that she went out to the barn and cow stable last Saturday evening to milk, and that while milking she was accosted by her murderer or murderers.

She arose from her milking stool, leaving her half-filled pail of milk, and, grabbing a pitchfork, attacked her murderer, or at least defended herself. She was overpowered and killed, her head being split open with an ax and her body pierced in several places by the pitchfork, which seems to have been wrested from her.

The assassin or assassins then, letting her body lie, went to the house and ransacked one room, but were scared away before they had found her jewelry and notes, which were in another room.

Her body lay till yesterday, when a man who had agreed to fix the curb to her cistern came to work. He found her dead in the stable, and maggots already working in her wounds. Her milk-pail, half full of lopped milk, stood near.

Her brother arrived yesterday and took the body back with him to her old home in Hamilton county for interment.

Riotous Miners Capture a Town.

BRAZIL, Ind., Sept. 19.—Intelligence has reached here of a brutal scene at Perth and Caseyville, in the northern part of this county. Sunday a large number of Austrian miners got drunk, and, armed with knives and pistols, paraded the streets of Caseyville, shooting right and left. In their drunken frenzy they entered the hotel there and dragged forth a boarder, whom they tied to a post and beat in a most inhuman manner. The landlord, named McDonald, interceded, and was set upon by the mob with knives. He was terribly cut, and will probably die. No arrests have been made yet, but will be as soon as the names of the leaders are learned.

Died at Their Posts.

VICKSBURG, Miss., Sept. 19.—The passenger train on the Louisville, New Orleans and Texas railroad, due here from Memphis at 10 o'clock Wednesday morning, was wrecked at the National cemetery, on the outskirts of this city. The switch had been foully turned by some malicious person who had a key, and Engineer John Welch and Fireman Jim Goddy, the latter colored, were fatally injured, and died in a few hours. Welch saw his peril, but put on the brakes instead of jumping for his life. The engine, tender, combination car and smoker were derailed, but no one else was hurt. The track was clear at 10 o'clock in the morning.

Convention in Cincinnati.

CINCINNATI, Sept. 19.—The Republicans of Cincinnati and Hamilton county met in convention at Central Turner hall yesterday and nominated the following ticket: For congress from the First district, Bellamy Storer; Second district, John A. Caldwell; for sheriff, Val Heim; infirmity director, John H. Penny; probate judge, Howard Ferris; county commissioner, Luke Staley; coroner, Theodore Bange; county solicitor, Fred. Spiegel; board of control, Capt. Absolom Mattox; magistrates, W. F. Gass and Louis Hauser.

Fell from a Sleeping Car.

RACINE, Wis., Sept. 19.—W. A. Collins, of Hagerstown, Md., while en route from his home to Seattle, Wash., on a Milwaukee and St. Paul train, on Tuesday night, fell from the sleeping car, fracturing his skull and injuring himself internally. Mr. Collins was for many years one of the proprietors of The Pittsburg Chronicle, and later editor of The Chronicle-Telegraph. Two of his sons are now connected with The Press in Pittsburg.

Sand-Bagged in the Heart of the City.

FORT WAYNE, Ind., Sept. 19.—Fredrick William A. Hollenbeck was sand-bagged while returning home, carrying the day's receipts of his business in his pockets. He was pounded on the head with a sand-bag and a brick, but the robbers were scared away by people who heard the cries of Mr. Hollenbeck. The latter was badly injured, but saved his money. The assault was committed right in the heart of the city.

Bathed in Alcohol and Took Fire.

ST. JOSEPH, Mo., Sept. 19.—William Hitt, a sufferer from rheumatism, was advised by friends to take a sponge bath in alcohol and dry himself with artificial heat. He took the bath and then stood near an open stove to dry off. The alcohol took fire and in a second Hitt's body was enveloped in flames. He was so seriously burned that he will die.

The Celebrated Playwright and Actor Dies at His New York Home.

New York, Sept. 19.—Dion Boucicault, the celebrated playwright and actor, died yesterday afternoon at his residence, No. 103 West Fifty-fifth street, at 5 o'clock, in the 68th year of his age. He caught a cold which developed into pneumonia on Tuesday afternoon and rapidly became worse, although

The lines heretofore operated by these companies will on and after Oct. 1, 1890, be operated by the new organization.

Not Guilty of Any Crime.

WATERBURY, Conn., Sept. 19.—Judge Bradstreet, at the police court yesterday, found The Sunday Herald not guilty of publishing a paper, "chiefly or entirely devoted to deeds of lust and crime." The judge in deciding, said that while the paper contained many articles of a low key of morality, it could not be said to be within the meaning of the statute. The case was tried last week, but the court reserved the decision to look up the law.

Valuable Oil Farm.

VALPARAISO, Ind., Sept. 19.—H. B. Brown, of Valparaiso, has a farm in Ohio which he foreclosed on a \$3,000 mortgage. Several flowing oil wells are now located upon that land. Professor Brown has been offered many thousands of dollars for this farm, but as his royalties amounts to nearly \$50 a day, he chooses to retain possession. It is a great pity that the poor fellow who lost the farm could not have held on a little longer.

Conductors' Actions.

TOLEDO, O., Sept. 19.—The conductors spent the morning in considering reports of committees, the two most important being on the ritual and insurance feature; but no action has yet been taken. # EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.  
ROSSER & MCCARTHY,  
Proprietors.

FRIDAY, SEPTEMBER 19, 1890.

CONGRESSMAN KENNEDY's speech is to be expunged from the Record. But that won't vindicate Senator Quay.

If the Republicans of this district want to tackle Tom Paynter, let them trot out their man. The Democrats are ready.

If every Democrat will do his duty at the election in November, we can carry the district by 4,000 majority. Let's all go to work and make the majority as large as possible. It will do the party good.

CAPTAIN JAMES HEFLIN has made the best City Marshal Maysville ever had. That is conceded on all hands, we believe, and it will count big in his favor in the present campaign. His announcement appears elsewhere.

EX-OFFICIAL HEADSMAN CLARKSON says Senator Quay is "the best man in the country" for Chairman of the National Committee of the Republican party. Let's see. Quay is the same individual whom Kennedy, a Republican Congressman, denounced a few days since as "a convicted felon at the bar of public opinion."

CONGRESSMAN PAYNTER made no canvass for a renomination. He remained at his post of duty in Washington until Saturday night, came home Sunday and was here Tuesday to accept the nomination unanimously tendered him, and will at once return to his duties at Washington, leaving his friends to look after his canvass.—Catlettsburg Democrat.

THE Maysville Republican inquires where would the negro race in the South be to-day if it had not been for the Republican party. Bishop Halsey, one of that race, entertains a different opinion from our neighbor. He says the Southern Methodists have been the colored peoples' friend. And the Southern Methodists and the Republican party are widely different organizations.

THE New York Tribune, the leading Republican journal of the country, has been after Pension Commissioner Raum for some time with a hot poker, so to speak. It says he is making a big mistake in hiding behind quibbles and what he terms his "legal rights" in the investigation now in progress. The Tribune thinks that Raum should let down the bars and allow all testimony to come in. Evidently it believes an innocent man will not avail himself of technicalities to prevent a full and free investigation. Of course, he will not. Guilty people do that.

HON. JOHN M. PATTISON, the Democratic nominee for Congress in the district across the river, was born in Clermont County and still resides at Milford. For years he was a member of the firm of Yaple, Moos & Pattison, of Cincinnati. In 1873 he was elected to the Legislature from Hamilton County by a rousing majority, receiving the biggest vote on his ticket. Last January he was elected to the Ohio Senate to fill the vacancy caused by the death of Judge Ashburn, of Batavia, his majority being over 2,000. The person who, in all probability, will oppose him is Judge DeWitt C. Louden, of Georgetown. It is probable, also, that Mr. R. W. C. Gregg, the editor of the Clermont Courier, will make a fight for the nomination. The district is solidly Democratic, so it doesn't matter much who opposes Pattison.

"THE Republican party preserves no longer the semblance of speaking for the entire country, but bases its claim to supremacy on sectional prejudices and sectional interests, pure and simple. Not only is this so, but the directors of its policy have not hesitated in the attainment of ends to prostitute the plighted faith of the party in sight of all the world, and to renounce in their Congressional enactments the promises solemnly made in the Chicago platform. They stand self-convicted, not only of false pretence and pious fraud, but of mathematical malignancy in seeking to retain power by reinvoking the war sentiment at the North and West, and by resurrecting all the stock phrases of fanaticism and sectionalism which could stir the South into resentment and retort."

Thus saith Ex-Governor Cameron, of Virginia, in renouncing his allegiance to the G. O. P. Who will say his accusations are not true? The McKinley bill is a sectional measure, framed in the interest of the East, if James G. Blaine's own testimony is worthy of credit.

And then there is the Lodge Election bill aimed directly at the South, as everybody knows.

Truly, as Mr. Cameron says, "the Republican party preserves no longer the semblance of speaking for the entire country, but bases its claim to supremacy on sectional prejudices and sectional interests."

## The Constitutional Convention.

The list of standing committees have been announced. George Washington was made Chairman of the Committee on Elections and I. A. Spaulding is at the head of the Committee on Legislative Department. The Chairmen of the other committees are as follows: Executive Officers for State at Large, S. E. Dehaven; Executive for Counties and Districts, Zach Phelps; Militia, Sam E. English; Judicial Department and Court of Appeals, Judge Hines; Circuit Courts, S. T. Moore; County Courts, F. A. Hopkins; Education, R. P. Jacobs; Revision, Benjamin Burkhead; Corporations, S. H. Bole; Municipalities Bennett H. Young; Revenue and Taxation, P. P. Johnston; Crimes, Punishment and Criminal Procedure, C. J. Bronston; Printing and Accounts, T. J. Elmore; Enrollments, W. W. Ayres; General Provisions, William Goebel; Divisions, Titles, etc., C. J. Allen; Charity and Charitable Institutions T. H. Hanks; Schedule, Henry D. McHenry; Joint Committee on Judiciary, J. Proctor Knott, Chairman; Chairman of Joint Committee on Legislative Department, S. B. Buckner; Chairman of Joint Committee on the Executive, C. F. Burnham. None of the delegates from this section of the State were given a Chairmanship of any of the committees. Judge Whitaker is a member of the Committee on Corporations. W. J. Hendrick, of Fleming, is on two, the committee on Legislative Department and Judicial Department, Judge Field, of Bracken, is on two, the committee on Circuit Courts and Schedule, and Judge Pugh, of Lewis, is on two, the committee on Judicial Department and General Provisions.

A large number of resolutions were introduced yesterday, all of which were referred to the appropriate committees. Mr. Hank's resolution provides that all taxation by counties shall be for county purposes only, and shall never exceed 5 cents on the \$1 of the taxable property of said counties. Mr. Auxier's resolution provides for a court for each county in the State to take the place of all Circuit, Chancery and other courts now in existence. The right of appeal to the Court of Appeals is to remain as it is. These Judges are to be elected for six years, and attend to the duties of all the court business in the jurisdiction of those named. A system of County Attorneys to take the place of the Commonwealth Attorneys is also proposed. Mr. Farmer proposes to abolish the constitutional provisions barring ministers from seats in such conventions. Judge Dehaven wants to make a wholesale change in the Legislature of the State. He wants Representatives elected for four and Senators for eight years, instead of two and four years, as now, and the sessions held every four years, instead of biennially. He further proposes that there be only sixty Representatives and twenty-eight Senators, where there are now one hundred Representatives and thirty-eight Senators. Another of his resolutions proposes the much-talked-of system of Circuit Courts, which will absorb and abolish all Equity, Criminal and Common Pleas Courts. He further proposes to abolish half of the offices of Justices of the Peace, and if not abolished, that they shall not be required to sit in the Court of Claims. He wants the financial affairs of the counties placed in the hands of a Commissioner, elected or appointed. Another section of Judge DeHaven's resolution proposes that Sheriffs be elected for four years instead of two, and be thereafter ineligible.

JUDGE THOMAS assured us a few days since that he was out of politics, but here is a special in the Louisville Post from Vanceburg which says:

At this time it is a difficult question to answer whether the other two parties, the Republican and Farmers' Alliance, will nominate a candidate to oppose the Democratic nominee (Mr. Paynter) or not. It is rumored that ex-Congressman Thomas, the leader of the Republican party of this district, is endeavoring to get the Alliance to nominate one of its prominent Republican members, and claims if they will put up a man the Republicans throughout the district will pledge him their support, and thinks that by so doing they can overcome the Democratic majority with the two parties consolidated.

The BULLETIN stated weeks ago that the Republicans would try to use the Alliance in the present contest, and we are still of that opinion. They have not been very successful to date, however, but they have not given up all hope.

THIEVES entered the Catholic Church at Ripley, Mason County, and robbed the poor box. Several articles of church property were also stolen.—Lexington Press.

You will have to cross the Ohio to reach Ripley. You will not find it in Mason County.

## Turf Topics.

Suisin, 2:18½, has been sold by John E. Madden, of Lexington, to the Penn Valley Stud, Morrisville, Pa., for \$11,000. Madden paid \$10,000 for her two years ago.

Sternberg captured the two-year-old stake at Cleveland this week in straight, best time 2:26½. He distanced three competitors in first heat. The stakes were worth \$2,235.

Nancy Hanks' record now reads twelve races won, twenty-three heats in 2:30 or better and seven heats in 2:20 or better. The marks made by her, which at different times represented her best record, are 2:24½ (half mile track), 2:19½, 2:18, 2:14½. She holds the best half mile track record for a three-year-old filly, and the best mile ever scored in a race by a four-year-old of either sex. She also has gone the fastest mile ever trotted in a race in Kentucky, says the Lexington Leader.

## For the Farmer.

It is predicted that choice Western apples will be \$5 per barrel in New York within three months.

The Paducah News says the second crop of strawberries this season is on sale in that city this week.

The Western Tobacco Journal says the prospects for the 1890 crop are not the brightest—the chances are against its making anything but a common crop.

Says the Fleming Gazette: "Two weeks since, the prospect of a two-thirds crop of tobacco was encouraging to the growers, and had it ceased raining then, it would have been well. But the continued wet season has damaged the weed both housed and growing to an alarming extent in this section. Some tell us that the leaves are dropping off and the plants seem to be decaying."

## Apples Come High.

A couple of transactions made public at Cincinnati this week show the extreme scarcity of apples in the Ohio Valley. The commission firm of Kushman & Co a few days ago bought the product of an apple orchard near Independence, Mo., paying for it \$12,000, while for the ground itself, Mr. Cushman says he would not give \$5,000. Another firm paid \$9,000 for the fruit of an orchard which last season could be bought for \$2,000, ground, apples and all.

The failure of fruit all through this valley is said to be the greatest for thirty years.

## Quiet Ways are Best.

There's ruin in the tempest's path;  
There's ruin in the voice of wrath;  
And they alone are blest  
Who learn to dominate  
Themselves, their violence abate,  
And prove, by their serene estate,  
That quiet ways are best.

Nothing's gained by worrying,  
By hurrying,  
And scurrying.  
With fretting and with flurrying.  
The temper's often lost;  
And in pursuit of some small prize  
We rush a head and are not wise  
And find the unwonted exercise  
A fearful price has cost.

## Fashion Notes.

Lace capes, lace boas and lace collarettes continue to be worn.

The redingote comes back. It is now at Newport, made of dark silk and worn over a cambric or muslin dress.

Stem green or amethyst velvet shows up in trimming gowns of white cashmere. The buckles are of mother-of-pearl.

Many more low necks are appearing on the streets and promenades. They produce a painful impression and are not at all pleasing.

Muslin in small figures, linen lawns and striped percale go well in shirt or blouse waists with any kind of skirt. They look cool and clean.

## FLEXIBLE, DAINTY, HEALTHFUL.

# Cork Sole Turned Shoes

Are as flexible and dainty as the finest turn, and are the easiest walking Shoe made, the cork acting as a cushion to the foot. The cork being secured in a pocket, thus forming a part of the Shoe, it is impossible for it to work loose or break up. They are also the most healthful Shoe, as CORK IS A NON-CONDUCTOR OF HEAT AND MOISTURE. It prevents the warmth of the bottom of the foot from radiating and escaping in cold weather, and in warm weather it prevents the heat from the pavements from penetrating the foot.

**LADIES** wearing our Cork Soled Turned Shoes needn't fear cold, hot, damp or rough walks. They are as flexible and dainty a Shoe as the lightest turned Shoe made. Come and see them; they are a thing of beauty and comfort. Come and see, also, the largest retail stock of Boots and Shoes in the State. Selling at 25 per cent. less than anybody else sells them.

It is unlawful to kill quail or pheasants  
before October 20, the penalty being \$3  
for each bird killed. The Fifth ward fel-  
lows who caught those quail tired out by  
the long flight cross the river the other  
afternoon don't want to do too much  
talking.

A BIG flock of quail made the long  
flight from the Ohio hills the other after-  
noon to this side of the river, alighting  
in the upper end of the Fifth ward. A  
few of the tired birds were captured by  
some men and boys during the afternoon,  
but most of them escaped.

Davis, colored, of Maysville, was steered

Q. Mills was prevented by previous en-  
gagements from accepting the invitation  
to address the Democracy of Mason  
County. An appointment called him

ingly lively one.

On the recent visit of the editors to  
Middlesborough, Samuel C. Haynes, of the  
Marion Monitor, was expelled from the  
Kentucky Press Association for  
appearing in the dining room of the Mid-  
dlesborough hotel in such a state of intox-  
ication as to necessitate his removal by ser-  
vants. If Mr. Haynes makes any more ex-

FOUR tough-looking white tramps were  
before Mayor Pearce this morning for a  
breach of the peace. They quarreled  
among themselves last night, and came to  
blows, one of them receiving a cut on the  
head that opened an artery. They would  
not tell which one dealt the blow. The  
Mayor gave them fifteen minutes to get  
out of town and they got. Deputy Mar-  
shal Stockdale escorted them to the city  
limits.

THE Owensboro Messenger makes the  
statement, which will be of considerable  
interest in distilling circles, that in the  
past year Messrs. R. Monarch and M. V.  
Monarch, the well-known Daviess County  
distillers, have made a clear profit of  
\$400,000 out of their business, M. V.  
Monarch having stepped a little beyond  
the \$200,000 mark himself, and R. Monarch  
having fallen little, if any, short of that  
sum. This has been done on an invest-  
ment of about \$500,000 each, which in-  
cludes the value of their famous brands.  
The distillery and brands of the other  
one of the Monarch trio, T. J. Monarch,  
now dead, was sold at auction Monday for  
\$110,000, and was bought by R. Monarch.

THE elders of the Christian Church at  
Richmond, Ky., have expelled from mem-  
bership L. E. Francis and wife and Miss  
Cornelia Corneliison for heresy in believ-  
ing in the divinity of George Jacob  
Schweinfurth. All three of these have  
been very active in church work. The  
Francises are well-to-do, educated and re-  
fined. They have always held a high  
social position, and have given liberally  
to the support of their church. Some  
time ago they accepted Schweinfurth,  
and have made several trips to "Heaven"  
at Rockford, Ill. Then they began to in-  
vite others to accept their faith. This at  
once brought out active measures against  
them. Charges were preferred, and upon  
their trial they failed to appear and were  
expelled. It is stated Schweinfurth will  
attempt to start a colony at Richmond,  
and there are threats of a serious dis-  
turbance in case he attempts it.

at the late conference.

Rev. J. E. Wright, pastor of the M. E.  
Church, South, of this city, was ap-  
pointed a member of the Board of Mis-

Falling slowly here, but rising at points  
above.

The White Collar Line packets are en-  
joying a fine freight traffic. The Sherlev,  
Pike and Rainbow are now doing service  
in the Pomeroy trade.

The St. Lawrence went into Cincinnati  
one day this week with the largest trip  
of freight she ever carried. Among her  
cargo were 206 hogheads of tobacco.

The fogs this week have got the Pome-  
roy and Pittsburg packets way behind  
time. The General Pike up and the  
Rainbow down, passed here yesterday  
afternoon.

"The sinking of the Sidney Dillon re-  
minds us," says the Commercial-Gazette,  
"that the engines of the Dillon were first  
placed in the Maysville and Cincinnati  
packet Boone in 1848, and after the  
Boone was worn out they were placed in  
the towboat Coal Hill, where they ex-  
perienced nearly twenty-five years of  
service, and afterward were placed on the  
John Porter, now the Sidney Dillon, and  
have been in use for forty-two years.  
And the bell of the Boone is on the Dillon  
with "1848" cast in it."

## SOME MINER MATTERS.

Not minor matters, mark you.

The matters we have in view are far  
from being minor or unimportant. But  
of course you understand the point.

## Miner Matters Are Shoes.

Nobody in Maysville can think of MIN-  
ER without thinking of Shoes. What we  
want is that nobody in Maysville think  
of Shoes without thinking of MINER.  
We want them to think

## Miner Sells Good Shoes.

But we don't want them to say regret-  
fully, "Yes, but I can't afford to buy good  
Shoes."

That's the way of it.

Lots of people think that a good Shoe,  
such as we sell, must be an expensive  
luxury. We want it remembered that  
our GOOD shoes are as cheap as not-good  
Shoes, price against price. And when  
quality is considered, our good shoes  
are cheaper than not good Shoes.

Know everybody that

Shoes Cheap.

### HEIN'S CRIME.

The Coroner Investigating Into the Horrible Tragedy.

PORTSMOUTH, N. H., Sept. 19.—It has been learned by Coroner Whittier that Fred. H. J. Hein attempted to add to his list of victims his mother-in-law, Mrs. Lucas, whom he never liked. It is known that he went three times to her house in Hill street, near his own, and tried to force an entrance, but failed to do so, because Mrs. Lucas alarmed by his frequent threats to take her life, always kept her door locked. Mrs. Lucas told a reporter that Hein was a perfect brute; that his own mother, whom he had shamefully abused, warned Alice Lucas not to marry him; that although he never struck his wife, he frequently threatened her life; that he denied her proper clothing and pocket money; that he had kept a mistress, by whom he had a child, and that his cruelties forced his wife to leave him. The talk against her daughter's character, Mrs. Lucas says, is untrue.

On the other hand, Hein is highly spoken of by those who knew him as being a sober, industrious fellow, who was made desperate by his wife's unfaithfulness.

The inquest was continued. Arthur Walker, Officer Quinn and Daniel Casey testified to hearing pistol shots going to the Hein house and finding the dead and wounded children, and that one of the girls had said that she and her sister had been shot by their father.

The second daughter, Maudie, and Lucy Taylor, the first victim of Hein's fury, are both in a critical condition, and it is feared they cannot live more than a few hours.

### Effect of a New Law.

WEST SUPERIOR, Wis., Sept. 19.—The land forfeiture bill, which passed the senate Tuesday, affects some valuable land in Douglas county and in the city of Superior. The lands in question are mainly in range 14 and a few sections in 15. It has been known to a number of Superior men for some time that these lands were to be opened, and some of it has been squatted upon. One gentleman from St. Paul has a bonanza. He has located upon sixty-four acres, which he is sure is to be opened, in sections 29, 49, 14. This is in the city limits, on the shore of the St. Louis bay, and is worth \$1,000 per acre. The total value of the land to be opened is considerably over \$1,000,000. The roads forfeiting these lands are the Chicago, St. Paul, Minneapolis and Omaha, and the Wisconsin Central.

### Another Boston Failure.

BOSTON, Sept. 19.—The J. H. Salter Silk company, No. 38 Bedford street, has assigned to A. O. Marden, of Boston, and W. W. Coolidge, of Salem. The liabilities are estimated at from \$20,000 to \$25,000. The trouble is due to complications arising from the Potter-Lovell failure, and that of Seavey, Foster & Bowman. Mr. Salter says: "We were perfectly solvent and doing a good business, but Seavey, Foster & Bowman held \$15,000 of our paper which they agreed to take up at maturity and, having failed, could not meet their obligations." It is said the Salter company's paper came into the possession of the Potter-Lovell company, by whom it was hypothecated.

ATLANTA, Sept. 19.—In the heat of the senatorial canvass it was feared that personal enmity was likely to ensue through rumors circulated by friends of Governor Gordon and Col. Livingston. At the request of these gentlemen a board of honor took up the matter and brought about a settlement of so much of it as was personal.

### HORACE GREELEY'S STATUE.

The Tribune's Memorial to Its Founder Completed.

NEW YORK, Sept. 19.—J. Q. A. Ward's statue of Horace Greeley, which has just been completed by the Henry Bonnard Bronze company, has been brought from the works of the company and placed on a granite pedestal in front of the Nassau street entrance to The Tribune's business office.

The statue will be unveiled next Saturday morning, with appropriate ceremonies, a conspicuous feature of which will be an oration by Chauncey M. Depew. The statue is of bronze, and represents the great editor as sitting in a chair. The inscription on the pedestal is: "Horace Greeley, Founder of The Tribune." The statue was erected by The Tribune association.

### ATTEMPTED ASSASSINATION

Of a Tennessee Mine Owner Who Has a Strike on Hand.

CHATTANOOGA, Sept. 19.—An attempted assassination of Dr. K. D. Davis, superintendent of the Etwa Coal company's mines at Whiteside, fourteen miles west of Chattanooga, was made Wednesday at 5:15 p. m. while he was in his yard. The ball entered the right shoulder and lodged in the breast, injuring his right lung. The shot may prove fatal. There has been a strike among the miners for the past eight weeks. It is supposed the shooter was one of them. The Federation of Trades and Labor unions of Chattanooga have declared a boycott against The Chattanooga Times and its advertisers. The trouble is with the Typographical union.

### Bridges Swept Away.

ROCKVILLE, Conn., Sept. 19.—Reports from all parts of Tolland county show that great damage has been caused by the recent storms. The dam of the pond in Ellington was washed away last night, destroying the railroad bridge on the Melrose branch of the Springfield division of New York and New England road. Trains can run between this city and Springfield. The bridge between this city and Ellington, Square Pond bridge on the Stafford road, and the Tolland bridge were destroyed. The highways are badly damaged.

### Stage Robbed.

SAN FRANCISCO, Sept. 19.—A San Andreas special reports that yesterday afternoon a stage from Valley Springs to San Andreas was stopped about four miles from the latter town by two masked men. Eight passengers were robbed of about \$50, and the wooden treasure box of Wells, Fargo & Company was also taken. The sheriff has started in pursuit of the robbers.

### A Shooting in Denver.

DENVER, Sept. 19.—O. L. Barnes, a butcher, last night assaulted his wife whom he accused of infidelity. Officer Wanless, who went to the woman's assistance, was fired upon by Barnes and killed. While falling the officer shot Barnes through the abdomen, fatally wounding him. Barnes was drunk.

CHICAGO, Sept. 19.—A special from Milwaukee to The Evening Post, says the Chicago, Milwaukee and St. Paul railway has decided to purchase the Milwaukee and Northern railroad and that the deal will be formally closed Saturday. A fear that the Canadian Pacific might gobble the Northern road and thus secure an entrance into Milwaukee is said to be the main reason why the St. Paul directors decided upon the purchase. The price is said to be around \$10,000,000.

### Mills to Shut Down.

PROVIDENCE, R. I., Sept. 19.—Local print cloth manufacturers have about decided to unite with Fall River manufacturers and curtail production by shutting down for sixty hours during October. Such action is regarded as necessary with the print cloth industry in its present condition. Cartailment seems to be the only effectual way of remedying the affair. Providence manufacturers may agree with Fall River manufacturers not to sell for less than three and fifteen-sixteenth cents, but no decision has yet been reached on this point.

### Central Strike Declared Off.

NEW YORK, Sept. 19.—There was a rush of Knights of Labor strikers to the Grand Central depot yesterday, the executive board of District Assembly No. 246, having formally declared the strike off. General Superintendent Voorhees told the men that the road was well manned at present, and that all he could do for them was to take their names as applicants for work and refer them to the division superintendents.

### A Minister in a Fight.

WICHITA, Kan., Sept. 19.—Rev. J. B. Carroll, a Baptist preacher, got into a row with John Carruther, a coal dealer, last night. They had a rough and tumble fight and the preacher was getting the best of it, when Thomas Barnett, a friend of Carruther's interfered. Carroll threw a piece of iron which rendered Barnett unconscious and it is thought his injuries will prove fatal.
